SOLDIER FARMS.**50 Acre Tracts for Boys. Some Fulton County Land Considered.**

The Government is very wisely and thoughtfully preparing to reward our soldier boys, when they return, with small farms, which will be turned over to them on the homestead plan—or little payments covering many years. These farms are to be in 50-acre tracts, the government buying and reclaiming such land as is available and selling it to the soldier at cost. As there is not enough public lands to "go round," large tracts will probably be bought and subdivided.

Agents are already investigating the feasibility of buying land in the "upper bottom" above Hickman, leveling it and making a soldier settlement there. At present there are about 25,000 acres in that section subject to overflow—but exceedingly rich, productive soil. Leveeing this land, we understand, will be done by the military forces, before the soldiers are discharged, which would make the cost of levee construction a small matter. About 25 miles would have to be built, but the number of men this would take care of at the rate of 50 acres each—it is more than worth the while.

Mrs. Milton Moore, formerly Miss Trilly Morris, daughter of I. P. Morris, died at the home of her parents in Union City last Friday morning, the 11th inst., after a few days illness of influenza and complications.

ATTENTION! Sick Women

To do your duty during these trying times your health should be your first consideration. These two women tell how they found health.

Hellam, Pa.—"I took Lydia E. Pinkham's Vegetable Compound for female troubles and a displacement. I felt all run down and was very weak. I had been treated by a physician without results, so decided to give Lydia E. Pinkham's Vegetable Compound a trial, and felt better right away. I am keeping house since last April and doing all my housework, where before I was unable to do any work. Lydia E. Pinkham's Vegetable Compound is certainly the best medicine a woman can take when in this condition. I give you permission to publish this letter."—Mrs. E. R. CRUMMING, R. No. 1, Hellam, Pa.

Lowell, Mich.—"I suffered from cramps and dragging down pains, was irregular and had female weakness and displacement. I began to take Lydia E. Pinkham's Vegetable Compound which gave me relief at once and restored my health. I should like to recommend Lydia E. Pinkham's remedies to all suffering women who are troubled in a similar way."—Mrs. ELISE HEIM, R. No. 6, Box 88, Lowell, Mich.

**COMMISSIONER'S SALE.**

Fulton Circuit Court, Kentucky. Jesse McNeil, Admr. of A. N. King Dec'd., Mrs. Hattie McNeil, Norris King and Russell King, who sue by their statutory Guardian, L. E. Rice, Plaintiffs, vs. Equity Defendants.

By virtue of a Judgment and Order of Sale of the Fulton Circuit Court, rendered at the September Term thereof, 1918, in the above cause, for the purpose of paying the debts of A. N. King, Dec'd., and for dividing the remainder of the proceeds of said estate after said debts are paid, among his heirs at law, I shall proceed to offer for sale at the Courthouse door in Hickman, Kentucky, to the highest bidder, at Public Auction, on Monday, the 11th day of November, 1918, at two o'clock p.m. or thereabout, being the first day of a regular term of the Fulton County Court, upon a credit of six, twelve, eighteen and twenty-four months, the following described property, consisting of two separate tracts of land, to-wit:

THE HOME PLACE.

A tract of land situated on the East side of Troy road, containing 156 acres, more or less, and bounded by the Hickman and Troy road on the West; on the North by J. Ward; on the East by Mrs. R. H. Kirk; and on the South by W. P. Curnin, and being a part of Lot No. 3 in the Division of land of Hillsman King as recorded in C. & P. Book No. 3, Page 12, and the small strips of land north of same, purchased from Kirk and Cowgill, and being part of the land conveyed to A. N. King by R. Y. McConnell by Deed recorded in Deed Book No. 13, Page 272, in the office of the Fulton County Clerk. Above described tract of land is commonly known as the Norris King Home Place.

THE WILSON PLACE.

The following described tract of land is composed of eight separate tracts, all adjoining and enclosed together and consisting of about 173 acres, known as the Wilson Place and particularly described as follows: to-wit:

Tract No. 1. Forty acres of what is known as the Miranda T. Wilson Dower tract in the North West Quarter of Section 22, Township 1, Range 5 West, beginning at a stake 23 rods East of the North West corner of said Section; thence East to the James Turner line sufficiently far to and make 40 acres, conveyed by Miranda T. Wilson to G. S. and Alice Wilson on the day of —— and conveyed to Alice P. Wilson and four of the heirs of G. S. Wilson.

Tract No. 2. A parcel of land in Township 1, R. 5, West, in Fulton County, Kentucky, beginning 14 rods East of the S.W. corner of the N.W. Quarter of Section 22, running 22 rods North to a stake 23 rods from the N.E. corner of Section 21, R. 4, West; thence South to the beginning, containing 20 acres, being the land conveyed by Miranda T. Wilson to Cy Crockett's S.E. corner in the N.E. quarter of Section 21, thence with the meanders of said creek a northwesterly direction to a stake with two saplings as pointers, in about 44 rods E. of Cy Crockett's line; thence S. to the beginning, containing 20 acres, being the land conveyed by Miranda T. Wilson to W. E. Wright and now owned by A. N. King.

Tract No. 3. The remainder of what is known as the Dowery Tract of Miranda T. Wilson, Dec'd., allotted to her out of the estate of Sam D. Wilson, Dec'd., which Dowery was allotted contained 98 1/2 acres, and the part sold by this Judgment as a third is apportioned by the same left after taking the first tract off of or from original Dowery tract, leaving the amount sold as the third tract of 38 1/2 acres.

Tract No. 4. A tract containing 12 acres more or less, beginning at Charlie Wilson's corner at the N.W. corner of this land; thence East to a point, the Lowery and Dowery corner following the off-set and meanderings of the line between this land; thence S. to the Kirk corner; thence west to the Patterson corner; thence North to the beginning being bounded on the North by the County lands, occupied by Dick Sampson on the East by the Dowery, now A. N. King's land; on the South

CONTRACT LET.

John Boaz Gets Mail Contract. Begins Friday, Nov. 1st.

John Boaz of Fulton, was the "low test and best bidder" on the second proposal to let contract for carrying mail between Hickman and Fulton on the new star route. He has made the necessary bond and other arrangements for starting the new service on Friday, Nov. 1st.

Mail is to be carried six days a week, but only 1st (letter mail) and 2nd (newspapers) class will be handled. The carrier will leave Fulton at 7:00 a.m. and arrive at Hickman at 9:00 a.m. Leave Hickman at 6:00 and arrive at Fulton at 8:00 p.m. This arrangement will bring mail to Hickman five hours earlier than we are now getting it, and out-going mail will leave about twelve hours earlier.

This star route arrangement was made necessary by reason of the N. C. & St. L. Ry. taking off their principal passenger-mail train in and out of Hickman. No logical reason has ever been advanced for this step; but no amount of petitioning could induce the management to rescind the annual fixed order or swap schedules with one of the other trains. The result was our business men got busy on the star route proposition and have succeeded in establishing it.

President Wilson has been urged to fix a minimum price of \$2.46 a bushel for No. 1 Northern wheat or its equivalent, Chicago delivery, by representatives of the National Wheat Growers Association at a conference Monday. In a brief to be presented to the President the growers declare an advance in the present fixed price is necessary because of the increased cost of production.

ANOTHER NOTE.

Germany Seems to be Bargaining For Easier Peace Terms.

Dr. Solf, the German Secretary for Foreign Affairs, has sent another message to President Wilson on the important question of peace. This time Germany professes to accept all the conditions for an armistice and, eventual peace as laid down by President Wilson. The reply indicates Germany's willingness to evacuate occupied territory under an agreement to be reached by the military chief in the field. It is announced in the note that all submarine commanders have been ordered to cease attacks upon passenger vessels. Denial is made that lifeboats and passengers have ever purposely been destroyed or that any authorized atrocities have been committed by German troops. It is declared that Germany now has a parliamentary form of Government.

The reply of Germany to the President's ultimatum is the longest step toward peace that government has taken. In the somewhat involved unofficial text, and through the fine phrases with which Dr. Solf seeks to butter the black bread of defeat, the ultimate victory of the Allies can be seen.

It will be remembered that Germany first asked for an armistice, stating that she accepted the President's principles of peace as laid down in his four addresses on the subject. Our answer was that an armistice, if agreed upon, would be arranged by the military commanders in the field and would forego no point of present allied military supremacy or relinquish one safeguard. This meant, and still means, that German troops must stack their arms on the battlefield and be not permitted to retire to their bloody lairs, still belligerents, to menace the peace conference. To these conditions the unofficial text of the note would indicate Germany has agreed. If she has not, it will take Foch and Haig and Pershing but a few hours to find out; and there will then be unleashed such a flame of fire and rain of steel upon the German armies as will achieve the same result by a route far more satisfactory to the mothers and fathers of soldiers.

The City of The Sun

THE traveler who is able to endure high altitudes will look about the world today before finding a more picturesque or interesting historic spot than the region of the Peruvian Andes, the original home of the Incas. Cuzco, the City of the Sun, was their capital and the seat of the old dynasty that ruled an empire extending from Quito in Ecuador to the southern coast of Chile.

Here on the west coast of South America there existed a civilization in the early part of the sixteenth century when the Spanish conquerors arrived which was more advanced and productive of agricultural results, especially, than that which has been seen since under the rule of the Peruvians of Spanish stock, writes Clayton Sedgwick Cooper in Christian Herald.

Although these Inca remains are found throughout the Andean sections of Peru, the capital city of these races of men, who lived and worked and carried on an ordered civilization long before our day, North American lands were discovered or settled, continues to be the great center of interest to those who find in these early ruling races of South America subjects of fascinating study. Every part of Cuzco is reminiscent of the past. It is one of the most antique and spectacular of cities. It is too remote to have been very thoroughly modernized as yet, though a railway recently built, and owned by an English company, connects it with the west coast at Mollelo, after a two days' train ride. "Soroco," or mountain sickness, is common to travelers visiting these lofty regions where one reaches over 14,000 feet above sea-level. Yet the proximity to the equator affords a climate capable of permitting many kinds of agriculture on the rolling plains and in the rich valleys of this mountain world. White men are comparatively few. Mixed breeds abound. The Indians do virtually all the work, and under conditions that resemble slavery much too closely.

On another side of the plaza stands the ancient cathedral, built as one is told of the famous Inca stone and containing the brother of Pizarro and that Spanish conqueror's partner, Almargo. On the doors of the chapel of Santiago, adjoining the cathedral, one can read the legend preserved in archaic sculpture of St. James coming down visibly on his white horse, standing with lance in rest, turning the tide of battle in favor of the Spaniards, thus noting the last throes of the famous Inca empire.

On still another side of the square, you can study the remarkable facade of the old Jesuit church and the ancient University of Cuzco founded in the sixteenth century, which buildings are said to be connected by an underground passage, associated with many an historic intrigue in the days that are dead.

These great piles of ancient masonry look straight away to the east where the great megalithic fortress of Sacsahuaman, that cyclopean structure often called the ninth wonder of the world, tops the hill 600 feet above the city, and where one climbs to behold the rock remains which guarded the aboriginal Inca empire of Manco Capac. On the summit stands a cross bearing the inscription to the effect that he who climbs the hill kisses the crucifix and says a prayer at the foot of the cross, to him a hundred days of indulgence shall be granted.

Strange Scenes in the City.
Sir Washington Ranger, the Salvation Army's blind solicitor, recently knighted, is a remarkable man. He is now in his seventy-first year and has been blind since he was fifteen. For over 50 years he has worked hard and voluntarily for all causes connected with the welfare of the blind, and is the only blind man to take the D. C. L. (Doctor of Civil Law) degree at Oxford. Sir Washington, who is a hearty co-operator with Sir Arthur Pearson in the magnificent work at St. Dunstan's, Regent's park, the "House of Hope," for blinded soldiers and sailors, recently said that when walking by himself he rarely loses his way. If, however, he finds himself doubtful of his whereabouts he walks straight on until he hears someone approaching. Then, with amazing intuition, he can tell whether the approaching stranger is to be trusted or not.

GOOD WOMAN GONE.

Mrs. Raymond Williams Succumbs To Pneumonia Tuesday Night.

Mrs. Raymond Williams passed away at her home in West Hickman Tuesday evening. Pneumonia caused her death.

Mrs. Williams was 27 years old and was born and reared in this vicinity. Her exemplary life won for her many staunch friends and the love and esteem of all who knew her; and the pall of sorrow falls on many hearts—her loved ones—friends—those who knew and appreciated her true worth.

She was a daughter of John Stotts and wife of the Brownsville neighborhood, by whom she is survived. She also leaves a husband and one sister—Mrs. J. Williams.

Decedent was a staunch member of the Baptist church. Rev. H. M. Crain, of the First Baptist Church, conducted the funeral services yesterday afternoon at 4:00 o'clock, and the body was interred at Brownsville graveyard.

Mrs. Elmo Inman, of this city, was adjudged of unsound mind in Judge Stahr's court Monday and carried to Hopkinsville for treatment. Mrs. Inman suffered an attack of influenza which seems to have unbalanced her mind.

Clyde B. Wheat and wife have a new daughter; the little Miss arriving at their home Oct. 20th.

Mrs. F. M. Provow, Sr., is visiting her sister at Marion, Ills.

FREE COURIERS.

This Paper Will Be Sent to All Our Boys Overseas by a "Friend."

A whole-souled, big-hearted citizen of Hickman has authorized the Courier to be sent to every Fulton county soldier boy, who is now overseas, at his expense. He says if there ever was a time when these boys would really appreciate the home news, it is now. This gentleman and friend of the soldiers asks us not to mention his name—but merely charge the subscriptions to his account. Neither is it a charity proposition; he simply wants to show his appreciation of the splendid services being rendered by our boys with this weekly reminder of the folks back home. He is doing by himself what large organizations are doing in many other cities and towns—sending every boy a home paper. It is needless to add that his generous act will be appreciated by both the boys and their relatives.

NOW, in order to send the boys a paper, it will be necessary for relatives to supply us with CORRECT address of each boy—whether white or black; but he MUST be a Fulton county boy, and must have gone overseas. Kindly mail or bring the address to us at once, so that we may start the papers.

Lila Choate, son of Sabe Choate and wife, is still confined to his bed with typhoid fever, but is improving slowly.

Dr. Wm. Bright has been quite sick for several days.

SPANISH INFLUENZA

Resembles Old Fashioned Grip

The symptoms of Spanish Influenza are very similar to old fashioned grip—pains throughout the body, extreme dizziness, sleepiness, chills, high fever, headache, disturbance of digestion with running at the nose and eyes and excessive spitting, showing an inflammation and congestion of the mucous linings.

Manifested by Catarrhal Condition

With the first symptoms of Spanish Influenza, it is well to consult your family physician at once. It is not the disease itself that is the general so much as it is the complications which may follow.

To ward off Spanish Influenza or as an aid to preventing health after an attack, nothing is any better than Dr. Hartman's World Famous Peruna.

MRS. V. JEFFRES DIES.

Popular Lady of Crutchfield is a Victim of Influenza and Pneumonia.

Mrs. Vester Jeffres, of Crutchfield, died Thursday of influenza-pneumonia, after a brief illness. The body was laid to rest at Poplar Grove Friday.

Decedent was a daughter of Mrs. John Roper, of near this city. She also leaves to mourn her loss a husband and four small children; and three sisters, Mrs. Roy Shaw, Mrs. Murphy Blanchard and Mrs. Berry Threlkeld; and two brothers—J. M. and John Roper.

and possessed a large number of friends. Her death was most untimely and sudden; and a matter of profound regret.

GLIDEWELL SELLS FARM.

Jess Glidewell has sold his 145-acre farm, near Brownsville, to T. A. Prather, one of the leading young farmer-stockmen of the State. The consideration, we understand, was about \$9,000. This is one of the best "hill" farms on the Lake road, and is better known as the old Squire Dickerson place. *

A recess from October 29 to November 12 is planned by the leaders in Congress to enable members of both parties to go home for the election. The War Revenue Bill will not be presented until after the recess.

R. T. Hanna, lineman of the Cummins Telephone and Telegraph Co., went to Union City, died Monday morning, after an illness of ten days beginning with influenza and ending with pneumonia.

Next Sunday we go back to the old time.

From the Fulton Leader, we clip the following:

The message announcing the death of Mrs. Kate Randle Luten, wife of Maj. Horace Luten, which occurred at New Cumberland, Pa., at 1:45 Friday morning, Oct. 18, came as a great shock to her many friends here. Her illness which was very brief had not been generally known, influenza following pneumonia being the cause of her untimely death. The body was brought back to Fulton for burial.

Mrs. Luten was the daughter of Mrs. Maggie Randle and the late Judge Randle of Hickman, Ky. She is survived by her husband and two children, Randle and Margaret, and one brother, F. T. Randle, residing at Hickman.

Since her marriage Mrs. Luten had made her home in Fulton, until about a year ago, she accompanied Maj. Luten, who was one of the first of our physicians to respond to his country's call, to his post of duty.

She was a devoted wife, a loving mother, a gracious friend, and one of Fulton's most prominent women in religious, social and club life. She was a valued member of the Methodist church and an active member of the Woman's Missionary Society, also she had been president of the Ed Crossland Chapter U. D. C. and vice-president of that State organization.

Her influence in the community will ever be felt, her memory will live in the hearts of those with whom she was associated and we feel that her passing will mean for her but "The dawn of ampler day."

SMALLPOX MAY BE NEXT.

The possibility and even the probability of a worldwide epidemic of smallpox as a result of the war is discussed by Dr. R. Bruce Low, in a Blue Book, issued by the British Local Government Board. The pamphlet includes the following passages: "The last great epidemic which involved the whole of Europe developed at the time of the Franco-Prussian War in 1870, and there is a possibility that history may repeat itself, and that a very serious outbreak of smallpox, spreading again over the whole of Europe, may develop during or immediately after the present war. It is a moderate estimate that the epidemic of forty-seven years ago, carried off more than half a million of human lives in Europe."

It will be recalled that "flu" raged in Europe before our epidemic started; and it may reasonably be expected that an epidemic of smallpox on the other side would soon reach America.

On account of the epidemic of influenza the October term of Hickman Circuit Court was postponed. For the same reason the November term in Carlisle may be put off.

Margaret, the seven year old daughter of Guy Pullen, at Fulton, died Friday night of influenza.

They seem to come pretty fast—but we are to have another campaign—a drive for \$9,157.50 in this county under the auspices of the "United War Work Campaign." It is to have an liberty bond campaign and a thorough and systematic campaign is to be waged. As the name of the drive would indicate, U. W. W. C. is for several organizations—seven in all—as follows:

Young Men's Christian Association.

Young Women's Christian Association.

National Catholic War Council.

Jewish Welfare Board.

War Camp Community Service.

American Library Association.

Salvation Army.

The funds raised will be apportioned among the organizations on a percentage basis by the government; so the subscriber will not have to worry about how much to give each one.

The campaign is scheduled to open Saturday, November 11, and close the following Sunday. Parades and other features will be a part of the program—provided the influenza epidemic permits.

County organization has already been perfected—with the exception of naming school district chairmen, 28 white and 10 colored—as follows:

Chairman—S. D. Stenbridge, Hickman.

Secretary—J. H. Russell, Hickman.

Treasurer—Rev. R. C. Douglass, Hickman.

Publicity—W. C. Speer, Hickman.

Speakers—H. T. Smith, Fulton.

Women's Dep't.—Mrs. Redburn, Fulton.

Girl's Dept.—Miss Ruby Farmer, Fulton.

Boys' Dept.—Rev. E. L. Miley, Hickman.

Colored Dept.—Geo. T. Halliburton, Hickman.

Sub Chairmen:

Y. W. C. A.—Miss Virginia Luten, Hickman.

N. C. W. C.—John Pyle, Hickman.

J. W. B.—E. Dobson, Hickman.

W. C. C. S.—M. M. Gordon, Fulton.

A. I. A.—Mrs. Eli Bynum, Fulton.

A. S. A.—Not represented.

The field army of these seven great agencies comprise more than 15,000 uniformed workers on both sides of the water, and General Pershing is calling for additional workers to be sent at the rate of at least 1,000 per month, as their work is intended to reach each and every soldier and sailor in an effort to maintain a high morale of the Army and Navy, and to impress upon the boys, that constitute same, that the folks at home are thinking of and praying for them.

DER CROWN PRINCE

Writes Interesting Letter to Papa Bill About War Situation.

American soldiers in France see the funny side as well as the serious side of war. This is proven by a letter received and has been handed us for publication by one of the American fighters. The letter follows:

From Somewhere in France—In his retirement before the Americans the Crown Prince has seen fit to address a letter to the Kaiser.

The letter is printed in full as follows:

"Dear Papa: I am writing on der run, as der brave and glorious soldiers under my command have not seen der Rhine for so long dat day dey had started back dat way and of course I am going mit dem. Oh Papa, dere has been some offal dings happened here in France. First I started my big offensive, which was to crush der fool Americans, but dey knew so little about military tactics dat dey will not be crushed just like I vant 'em. I sent my men in der fight in big waves, and ven dey got to der Americans dey all said 'Hoos, as loud as dey could holler. Well, according to vat you always had told me, de Americans have turned and run like blasesh. But vot do you think? Deaf fool Americans don't know nothings of war. Instead of running der older way, dey came right toward us. Some of dem was singin' something about 'Ve Von Come Back Till It's All Over, Over Dey,' or some other fool songs, and some of dem were laughing like fools. Dey are so ignorant. But dey are offal reckless mit der guns, and ven dey come toward us it was dat my men took a notion dat dat dey wanted to go back to der dear old Rhine. Ve don't like der little old dirty Marne river, anyhow. And, Oh Papa, dem Americans use such offal language. Dey know nothing of Kultur, and say some offal dings right before us.

"And dey talk blasphemy, too. Ven you ting dey said right in front of my face? One big husky from a place dey call Arizona, he said—oh papa, I hate to tell you what an offal ting he said—but I can't help it; he said, 'To hell mit der Kaiser!' Did you ever hear anything so offal? I didn't think anybody would say such an offal ting. It made me so mad. I shouldn't stand to hear such an offal ting so I turned round and run mit der older boys. Was I right? And, oh, Papa, you know dem breast plates vot you sent us—you can send us some more to put on our backs. You know we are going de older way now, and breast plates are no good for der cowardly Americans. They are shooting us right in der back. Some of our boys took off der breast plates and put 'em behind, but der fool Americans are playing Der Star Spangled Banner mit der machine guns on dem plates.

"Can't you help us? You remember in your speech you said noting could stand before the brave German soldiers? Oh, Papa, I don't believe dese ignorant Americans ever read your speech, for dey run after us like ve was a lot of rabbits. Ven you think of dat? Can't you send dem some of your speeches right away? Day don't know how terrible we are. Can't you move my army back to Belgium vere ve von our glory? My men can vif al der vinnin' and children vot dem Belgians can bring us. But dese Americans are so rough and ignorant, ve can't make dem understand dat ve are de greatest soldiers on earth and ven we try to sing 'Deutschland Ueber Alles,' dey laff like a lot of monkeys. But we are getting der best of der Americans. Ve can out-run dem Papa, if we are not de best fighters on earth, we are sure de best runners. Nobody can keep up mit us ven ve think of der dear old Rhine, and my army never did think so much of dot dear old river. Let me know right away vot to do, by return postoffice."

AUCTION SALE.

B. G. Hale Will Offer 2600 Acres at Auction, November 7th.

Elsewhere in this issue will be found the announcement of a big land sale to take place November 7th, in which B. G. Hale, Sr., will offer at public auction 2600 acres of fine bottom land, west of this city. The property has been sub-divided into twelve tracts or blocks containing from 80 to 800 acres. The terms are liberal and the sale will be held at Hickman.

The delta lands below Hickman are renowned for fertility and productivity. No land in the temperate zone produces a greater variety or more abundantly. This land, of course, is behind the Redfoot levee and protected from overflows from the Mississippi river.

POSTING OF STRAYS.

J. M. Atteberry, having been duly sworn by me, states that the following described animal was taken up by him as stray on his premises, about 1½ miles north of Willingham Bridge, in Fulton county, Kentucky:

One brindle heifer, weight about 500 pounds, marked with a hole in the right ear and a crop off of same ear, and a swallow fork in the left ear, and that he has not changed, defaced or altered the marks or brands of said animal, and J. A. Liep, a housekeeper in Fulton county, being by me duly sworn, states that said animal is of the value of \$35.00.

FLUE EPIDEMIC.

Doctors Estimate 200 Cases Here. 15 Deaths in This Vicinity. Probably Slight Improvement.

Hickman and vicinity is still in the grip of the Spanish Influenza epidemic.

Local physicians, each estimating the number of patients they are treating, report around 200 cases in this vicinity under treatment. Local undertakers' records show there have been 15 deaths from this disease and its complications. As a whole there seems to be a slight improvement in the situation.

Some have recovered and others have just taken it; so there are few if any, less cases now than this time last week. The disease here seems to be of less intensity than in many communities; the percentage of pneumonia falling far short of that in some localities.

The Board of Health's quarantine is still in effect, with no prospect of its immediate lifting. Schools, picture shows, religious assemblies, public gatherings, etc., are still under the ban.

The disease seems to have covered the county in a pretty thorough manner. The town of Fulton seems to have suffered worse than any other section of the county, and the authorities have been forced to send out distress calls, asking for volunteers to help nurse and wait upon many families, in which every member was ill.

The Courier has been unable to compile a complete list of the sick, but in our rounds we note the following families have two or more cases, as indicated by the figure following the name: W. J. Spodlin 2, J. C. Ellison 2, W. Adams 5, Mr. Thornton 4, Cecil Caldwell 3, R. Van Noy 3, John Conn 2, Elmo Inman 4, J. L. Dotson 3, Risty Jackson 9, W. M. Pugh 11, Coop Bradshaw 4, Ben Covey 3, Mrs. Lester Smith 4, Henry Everett 3, Mat Dockins 2, Ed Ellis 4, W. R. Parker 12, Geo. Terrett 5, Chas. Isbell 3, Jess Cleaves 6, and many others which have not been reported.

It is needless to add that out limited number of physicians are kept busy night and day; but they are doing a heroic work and giving the best there is in them to alleviate suffering. Drugists also deserve special mention for handling an unusually large number of prescriptions by continually sticking at it.

About the only advice that can be given is to continue the rules of prevention, as given in last week's Courier. Avoid crowds as much as possible.

Neighboring towns that have been especially hard hit by the epidemic are Fulton, Mayfield, Union City, Newbern, Charleston and Dyersburg. Memphis and Louisville have both reported a great number of deaths.

ALVA PUGH DEAD.

Another Flue Victim West of Town. Burial at Troy, Tenn. Probably Slight Improvement.

Alva Pugh, age 35, a share-cropper on Geo. Terrett's place, 12 miles below Hickman, died Monday from the effects of Spanish influenza. The remains were taken to his former home at Troy, Tenn., for burial Tuesday. A prayer service was held at the home.

Mr. Pugh leaves a young wife and two small children to mourn his loss. The family had not been in this section long, but he was favorably known among his friends and neighbors. Mr. Pugh's life work was farming.

FALL SUIT CUT ON MODERN LINES

Here is a fall suit, cut on original, but conservative lines that will not fail to please the most exacting taste.

It has a plain, practical skirt—shirt top length, and a coat with beautiful lines. A seam in the body, cutting the length under arm, and small top pockets are new features. It has a large overcollar of Hudson seal which may be turned up to muffle the throat or taken off, if need be.

REV. HOUSLEY DEAD.

Former Citizen-Pastor of This City Dies at Martin of Pneumonia.

This community was shocked when a message came stating that Rev. Jas. B. Housley, formerly of this city, died at Martin, Tenn., last night at 10:00 o'clock, following ten days' illness of pneumonia.

Housley never had a finer citizen than Jim Housley. He lived here about 15 years and was employed as N. C. & St. L. engineer. In the meantime he prepared himself for the ministry and after being ordained was called as pastor of the West Hickman Baptist church. He was an able, sincere, earnest worker and loved, not only by his congregation, but by all who knew him. When the railroad changed up its schedules a year or so ago, he was transferred to Martin, to which place he and his family moved. But he still served as pastor of the Hickman church.

Rev. Housley was about 40 years old. He is survived by his wife and two children, Miss Inez, and little son, J. B., Jr. The remains will be taken to Nashville for burial, which will take place tomorrow.

The relatives and friends have our sympathy. Rev. Housley was a fine man and will be greatly missed.

Statue Vines.

Chinese gardeners sometimes plant statuettes of tiny men firmly in pots, just like real plants, and then train live evergreens to grow up over these statuettes. The vines thus form a kind of robe for the statuette men, their white faces and hands protruding from the green leaves.

WINS BRIDGE CASE.

In the case of the Vincennes Bridge Co. vs. C. L. Walker, the Appellate Court rendered a decision Tuesday in favor of Mr. Walker.

This case involves the steel foot bridge spanning the ravine near J. W. Rogers' residence. Mr. Walker contended the bridge company failed to erect the bridge according to specifications and refused to pay them. The company brought suit in Fulton Circuit Court to make collection. The decision of the higher court releases Mr. Walker from paying for the bridge, inasmuch as it is not up to specifications. Judge W. B. Amberg was one of the attorneys for Mr. Walker.

THE LAND OF OPPORTUNITY

This body of land is located six miles west of Hickman, on the C. M. & G., four railroad stations in easy access of the place. None of this land is further from a shipping point than 1 1-2 miles. Land fully protected by good government levee and has perfect natural drainage into Reelfoot Lake. A reference to the map above will show the different size farms, location, roads, etc. Three tracts of this land were sold (see map) three years ago, and this land now cannot be bought for \$125 per acre.

The land of staple cotton, corn, oats, wheat, clover and alfalfa. The land of prosperous and contented farmers, a soil as rich as the valley of the Nile, where all crops of the Temperate Zone are grown in great abundance.

The division of this land to be sold at public auction presents a ONCE-IN-A-LIFETIME OPPORTUNITY TO THE HOME SEEKER AND INVESTOR. A hint to the wise is sufficient. Get busy. Investigate. The Mississippi Delta's climatic conditions, and long grazing seasons, are ideal for the live stock industry, along with general farming.

Prospective buyers will be shown land, free of charge, any time prior to sale day from Hickman or Bondurant.

For further information call or write B. G. Hale Sr., Hickman, Ky.

This land represents much merit of location and productiveness. They will sell without reserve. Title good.

TERMS: One-fifth cash or its equivalent; balance in four equal annual payments at 6 per cent interest. Will take part or all of first payment in Liberty Bonds at par value.

FIRST METHODIST CHURCH

The purpose to build a home in East Hickman was abandoned for good reasons. Subscribers to the building fund had paid as follows:

H. C. Barrett, A. H. Leet, Mrs. Ida DeBow, Mrs. Dr. Hubbard, Mrs. Alice Amberg, and W. T. Bonduant, five dollars each, M. M. Tuless, Mrs. W. L. Hampton and R. E. Blow two dollars and fifty cents each, J. R. Brooks, Miss Holland and A. S. Hamby, one dollar each. Parties so desiring can obtain their subscription by calling on Mr. Reed at Hickman Bank & Trust Co. The Helping Fund of the church is sixty-two dollars in debt. The pastor would highly appreciate the privilege of transferring the above fund to the Helping Fund.—Pastor.

LEMON JUICE IS FRECKLE REMOVER.

Girls! Make this cheap beauty lotion to clear and whiten your skin.

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

SPEED UP WORK.

War Department Urges Speedy Classification of Men.

The Draft Board of Fulton county, together with all the local boards of the country, has been ordered by the war department to rush the work of classification of new registrants between the ages of 19 and 36 to finish examination of all class one men as quickly as possible.

The order stated that classification and examination must be completed by November 1st and then questionnaires will be sent out to boys 18 years of age and men above 37 years.

Fulton is only a little over half through with examinations, and work has been further retarded by the flu epidemic.

ADVISORY BOARD.

Organized to Aid in Enforcing the Work or Fight Order.

We the undersigned, M. O. Hughes of Bowling Green, Ky., Jas. R. Bush of Madisonville, Ky., and W. A. Berry of Paducah, Ky., have, under the provisions rules and regulations of the Selective Service Draft System, been selected as an Advisory Board to act with the District Exemption Board, and it is now our purpose in this connection to state to the people of this District that we have accepted these appointments for two reasons. One, because it is absolutely necessary for some one to help the authorities to select an Army to defend the United States in its present struggle, and the other reason is because it is necessary to have men living in the different localities in said District who can look into specific cases, observe general conditions so as to be able to advise the District Board of the real situation existing in all parts of its District. It is our duty and we shall perform that duty to the best of our understanding to see that those men who are within the draft age living in this District shall do one of two things, either work or fight. It is also our duty as we understand it, to advise the Exemption Board as to cases where Registrants ought not to be made to go to the army because of conditions which necessitate their remaining at home in their respective vocations, because the necessity arises at various times and in various cases where, although in the Draft Age, a man is more essential at home to his Government and to the carrying on of the war than if he were called upon to join the Army.

It has already been called to our attention that in this District there are many men within the Draft Age who are in a measure hiding behind their vocations to keep from being called, who are not living up to the requirements as working men, for instance working three or four days out of a week instead of all the time, and we now say to the employers of the labor in this District, and this is meant for them individually and collectively, that they are expected to see that their employees work as the regulations and the law expects them to work, and to report them to the District Exemption Board of Madisonville, Ky., or to this Advisory Board and these employers are not alone asked, but every citizen in this District is requested by this Board to report to the District Board or to members of this Board any delinquencies which may come under their observation of such citizens and action will be promptly taken by this Board in every case.

In the assembling of the Army of the United States, and its subsequent successful maintenance, there can not be lost sight of the "after the war" period and therefore it will be our duty in acting in the capacity of an Advisory Board to keep in mind at all times in attempting to advise upon individual cases the fact that the business of the country, the labor interest of the country, the transportation interest of the country, and in fact the general Industrial interests of the country should not be encompassed with harassments to a greater extent than is necessary for the successful carrying out of the object intended.

With this idea in view we assure the people of this District that our consideration will at all times, be given in cases where such consideration is due, but we distinctly desire to impress upon all the people whom we assume are Patriotic, and have the interest of their Country at heart, to fall in no instance in reporting to the District Exemption Board, at Madisonville, Ky., or to one of the members of this Advisory Board any delinquents which may appear as hereinabove referred to.

TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts your liver without making you sick and can not salivate.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't grip or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver tone instead and feel fine, full of vigor and ambition.

A considerable jar of Mother Earth was felt at 9:45 o'clock Tuesday evening, and for several seconds the disturbance could be felt. Houses rattled and considerable excitement prevailed in some places prevailed. Not since '95 has this section been visited by so serious an earthquake.—Carlisle County News.

WOMEN TORTURED!

Suffer terribly with corns because of high heels, but why care now.

Women wear high heels which buckle up their toes and they suffer terribly from corns. Women then proceed to trim these, seeking relief, but they hardly realize the terrible danger from infection, says a Cincinnati authority.

Corns can be easily lifted out with the fingers if you will get from any drug store a quarter of an ounce of a drug called freezeone. This is sufficient to remove every hard or soft corn or callus from one's feet. You simply apply a few drops directly upon the tender aching corn or callus. The soreness is relieved at once and soon the entire corn or callus root and all, lifts out without one particle of pain.

This freezeone is a sticky substance which dries in a moment. It just shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Tell your wife about this.

PNEUMONIA CURE.

One pint of onions after they are peeled and sliced, one-half pint of good vinegar, three pints of wheat bran. Place the onions in warm water, cover tight to exclude air, boil until very tender, add vinegar and some more water, and thicken with wheat bran.

Spread one-half inch thick between thin cloth large enough to cover the whole chest; put his on as hot as can be borne, repeat in five or six minutes, keep this up for three hours. Then place a warm antiphlogistic poultice over the lungs. Repeat this in twenty-four hours if necessary. This is enough for two large pectoral, so you can keep one hot all the time by replacing it back into the vessel used for making it. This never fails where properly used. BARRETT & LEDFORD

STRANGER DIES HERE.

Frank Woodard, age 26 years, who has been working for the Mengel Box Co. a short time, died yesterday at the home of Mrs. Jennie Willhawk, with whom he boarded. No physician was in attendance but it is supposed that it was the cause of death. His remains were interred at the city cemetery at the county's expense.

About the only source of information regarding the man was a W. I. Swain employment card found in his pocket. This gave his home address as Evansville, Ind., age 26.

A Hedge of Perennial Sweet Peas Which Hides the Barnyard From the Home Grounds.

GARDEN NOTES WORTH SAVING

By JOSEPHINE DE MARR.

If your sweet peas begin to deteriorate, watch closely to see that no seeds mature; that the soil is stirred and a good mulch applied; that they get a good soaking at the roots once or twice a week during dry weather.

In a shady part of the garden prepare a bed of light, rich, sandy soil, and put a frame about it. Cover it with a glass frame heavily whitewashed. Water and firm the soil and then plant cuttings in it. Cuttings of geraniums, roses, etc., may vary from an inch to eight, but in all cases remove two-thirds of the leafage and bury the cutting, allowing one or two eyes above the soil.

suffer. Turn the calyx pot on its side in a shady place and give it a good rest.

While most people preach the desirability of young plants for winter blooming, you will find that the geraniums and kindred plants will give more bloom and be more satisfactory as winter bloomers in their second year than in their first, if properly raised.

Cut the year-old plants back severely, pinch out all the shoots before they get three inches long; repot and shift as necessary, but do not stimulate with liquid manure.

A neighbor has a hedge of perennial sweet peas screening the barn yard from the house yard, and it is most satisfactory. Although its flowers are not as light and graceful as the annual sweet pea, they have a charm all their own, and through heat and cold, frost and drought, need little care or coaxing to do their best.

If you want to cover a fence or trellis with a quick growth of vines, get stems of the Virginia creeper, about six to eight inches deep. At every joint will grow a shoot. Give a good soil and top-dressing of well-rotted manure in the spring and fall. This vine is hardy as the oak and almost immune from the attack of insects and pests.

The gladioli may be planted up to July 20 and, if given good soil, water and liquid manure, they will bloom before frost.

OLD FASHIONED FLOWERS

The good old-fashioned flowers prove the adage "the survival of the fittest."

They are beautiful and easy to grow, which recommends them to busy house mothers.

Gloxiniias and tuberous begonias are excellent summer bloomers. Procure the tubers in April or May. Spread them out on pieces of old carpet, made and kept quite warm and damp, to sprout. If this is not done before they are put into pots, some of them especially the begonias, may get planted wrong side up.

When sprouts appear pot the tubers in a light, spongy soil, one to each six inch pot. The begonias will need to be given support, as their stalks lack

strength to stand up sturdily when left to themselves. These come in a wide range of rich and beautiful colors. Some are single, some are double the latter are preferable.

The gloxinia comes in white, crimson and purple. Some varieties are bordered with a contrasting color, others have a throat of light or dark color, while still others have spots of dark color on a light or white ground.

the ground. No shoot should be allowed to grow longer than three inches. This snapping process will insure lots of blooms later on.

Prepare a good supply of liquid manure to offset the debilitating effect of summer upon the flowers. Have a spigot placed two or three inches above the bottom of the barrel, fill with straw well above this spigot, and then a foot or two of fresh manure. Fill the barrel with water and in a few days the manure water will be ready to draw off and apply.
